Baby I'm losing the heart of your heart  
when you think you have never forsake me  
one thing in dream, each time I think of you  
lie naked beside me.  
only a lady have dreams,  
she will bring magic sing till your heart screams  
only a lady have dreams comes alive  
you are all that I desire

I can see through you, I know you're soul..  
you're so precious, my better half.  
and when we're fucking in the Louie sheets on the  
bed  
eating fresh fruits off your breasts  
kiss you're body all away down, down  
I knooow that this must be a dream.

It's all in my head, tu tu ru tu ru ru  
a butterfly, a fate tu tu ru tu ru ru  
Heeeeey maybe I've just had a little much a dream  
I think im still dreaming, yeah

She said she love, how my father once said;  
How I keep a 150 friends rapped up round a paper bag  
but it's fresh, do it, do it for the love, for the love

Baby I'm losing the heart of your heart  
when you think you have never forsake me  
one thing in dream, each time I think of you  
lie naked beside me.  
only a lady have dreams,  
she will bring magic sing till your heart screams  
only a lady have dreams comes alive  
you are all that I desire

Every time I sing to you  
I hope I'm getting through  
'Cause you live in my heart girl  
Anything I have don't ever ask for nothing, it's yours  
Baby, trust me I'm sayin I need you tooo  
Yeahh, You was down I was all fucked up  
Had these niggas time and locked up, wuhh wohh

an it's anytime I need company  
Magic ain't my company, don't you ever-ever try and  
front on me  
my team's so treacherous on and both up on the rest of  
them  
Money,depression, pain all these bad bitches want me  
undressing them  
I got that honey debt, Patrone ain't paying me  
Do the dance, do the dance on my dick while you lay on  
me, yeahh  
Got me busting like a fully auto  
From the hood like a model  
But she's my queen, to be...

Baby I'm losing the heart of your heart  
when you think you have never forsake me  
one thing in dream, each time I think of you  
lie naked beside me.  
only a lady have dreams,  
she will bring magic sing till your heart screams  
only a lady have dreams comes alive  
you are all that I desire
