Stranded in the middle of the desert
All even whilst your trapped on the ocean side
You look around and see no one
No one to save you, to save you
Then all of a sudden you feel it
Wondering what it is
Remember when I said you would never be harmed for
nothing
I'm unordinay, I've got super powers
Ordinary people just buy you flowers
I'm a show you that I was never bluffing when I told ya

Forever, ever, forever
Forever, forever
Forever, ever, forever
Forever, forever

Where ever you are, wherever you go
I'll be your saviour, come an save ya
Make mountains move for ya like I was the creator

I'm just like gravity
Call me your gravatational pull
I'll be pu, pu, pulling you out of every situation
Baby come to me, come to me, come with me

You are my oxygen
Without you near me, I'll be lost again
Baby I'll be better than a bodyguard
By any means I'll tear the world apart
To be with you, there's no issue
I'm captain save my love, I go beyond the stars above
I'm a pull you in, use all my forces
Pull some strings, call all my sources
Don't you ever forget
When I told ya

Forever, ever, forever
Forever, forever
Forever, ever, forever
Forever, forever

Where ever you are, wherever you go
I'll be your saviour, come an save ya
Make mountains move for ya like I was the creator

I'm just like gravity
Call me your gravatational pull
I'll be pu, pu, pulling you out of every situation
Baby come to me, come to me, come with me
