Oh, knoooo, knoooo, yeah

She said she love the way my jeans hang low
From the knoooo-na-na na, knots in my pockets
Knoooo-na-na na, knots in my pockets
I spread it all on the bed then we sex on it
If she fiend for the bread give her what she want
She love that knoooo-na-na na, knots in my pockets
Knoooo-na-na na, knots in my pockets
50's, 100's, it don't really matter
But she's going home with me

I got knoooo-na-na na, knots in my pockets
Knoooo-na-na na, knots in my pockets, hey

Keep pulling me in baby
That sexy dance you do
It got some kind of hold on me
Hey love
You're pushing that thing real close upon me
Hey love, I like it
Don't stop doing that nasty, whoa
I put my money where my mouth is
I got a feeling I'm behind let's get out here
I give her a taste of the good life

She said she love the way my jeans hang low
From the knoooo-na-na na, knots in my pockets
Knoooo-na-na na, knots in my pockets
I spread it all on the bed then we sex on it
If she fiend for the bread give her what she want
She love that knoooo-na-na na, knots in my pockets
Knoooo-na-na na, knots in my pockets
50's, 100's, it don't really matter
But she's going home with me

I got knoooo-na-na na, knots in my pockets
Knoooo-na-na na, knots in my pockets, hey

I hope you came alone baby
This could be your one last chance, for love

I'm the one to save ya, your love

I put my money where my mouth is
I got a feeling I'm behind let's get out here
I give her a taste of the good life

She said she love the way my jeans hang low
From the knoooo-na-na na, knots in my pockets
Knoooo-na-na na, knots in my pockets
I spread it all on the bed then we sex on it
If she fiend for the bread give her what she want
She love that knoooo-na-na na, knots in my pockets
Knoooo-na-na na, knots in my pockets
50's, 100's, it don't really matter
But she's going home with me

I got knoooo-na-na na, knots in my pockets
Knoooo-na-na na, knots in my pockets, hey

I got my 501's on, and I wanna go
All night long with you, you, you
With you, oh, oh, you
I got my 501's on, and a... big bills to show
She excited, 50's, 100's and 20's, real crispy
That's probably why she wanna get with me, but I like
I put my money where my mouth is
I got a feeling I'm behind let's get out here
I give her a taste of the good life

She said she love the way my jeans hang low
From the knoooo-na-na na, knots in my pockets
Knoooo-na-na na, knots in my pockets
I spread it all on the bed then we sex on it
If she fiend for the bread give her what she want
She love that knoooo-na-na na, knots in my pockets
Knoooo-na-na na, knots in my pockets
50's, 100's, it don't really matter
But she's going home with me

I got knoooo-na-na na, knots in my pockets
Knoooo-na-na na, knots in my pockets, hey
