Damn.
You know you doing it big right.

(Oooowooowooo)

(VERSE1)

I know exactly what you got in those jeans
And I know what it feels like so don't you be mean
Don't be a stranger girl it's only me, oh
Tonight lets spend some time don't wanna be lonely
Baby kick your shoes off and relax
We aint in a rush so just kick back(kick back)
All i need is your attention for what I'm needing, oh
Don't hold your feelings just let go (don't hold your feelings)
It's not because I just said so
I've done my part so let me know what your needing

(CHORUS)

Let me lay you down
Tell me how does it sound to ya
When you turn around
And you know I am proud of ya
Wanna freak you
Oh I need you
Let me lay you down, I wanna lay you down

(VERSE 2)

Don't worry baby girl no I wont leave
Just lay your head down, you can be at ease
No I wont pressure you but I will plead for it
I've had a taste or two, but I need more of it(girl)
Baby kick your shoes off and relax
We aint in a rush so just kick back(kick back)
All I need is your attention for what I'm needing, oh
Don't hold your feelings just let go (don't hold your feelings)
But not because I just said so
I've done my part so let me know what your needing

(CHORUS)

Let me lay you down

Tell me how does it sound to ya
When you turn around
And you know I am proud of ya
Wanna freak you
Oh I need you
Let me lay you down, I wanna lay you down

(BRIDGE)

Wanna feel your beat your heart in my hands, yes I do
Oh its true, that me and you
Imma man I can't stand not havin you when i know what
you've got
And I choose you, so baby come through

(CHORUS x2)

Let me lay you down
Tell me how does it sound to ya
When you turn around
And you know I am proud of ya
Wanna freak you
Oh I need you
Let me lay you down, I wanna lay you down
