I got these hoes jumping in the swimming pool,  
Half naked, dancing in my living room,  
She couldn't wait to take her clothes off,  
She know I love her show-off.

I got them bottles, check,  
Cup full, check,  
Rubber bands for theâ€¦, check  
And your silhouette  
And that fire dress,  
Make a nigger wonder how good is your sex.

Is that good? Is it that good?  
How good is your sex?  
Is that good?  
Don't wanna waste your time if the loving ain't right.

I think I could change for you, for you,  
But first I gotta know if you can put it on me, on me, on  
me.  
Put it on me, on me, on me,  
Put it on me, on me, on me,  
Put it on me, on me, on me.

If it's that good, shawty,  
Show me what I've been missing,  
All in my head, for the first time we met,  
When you're dropping, dropping  
And you make that fucking pussy wet.

You can be my triple X ballerina.

You got one night with the king,  
Make this moment mean something,  
You can keep them red bottoms on.

I got them bottles, check,  
Cup full, check,  
Rubber bands for theâ€¦, check  
And your silhouette  
And that fire dress,

Make a nigger wonder how good is your sex.

Is that good? Is it that good?

How good is your sex?

Is that good?

Don't wanna waste your time if the loving ain't right.

I think I could change for you, for you,

But first I gotta know if you can put it on me, on me, on  
me.

Put it on me, on me, on me,

Put it on me, on me, on me,

Put it on me, on me, on me.
