Rain or shine
I will stand by your side
And I will always love you the same
Rain or shine
You will always be mine
And I hope you're feeling the same way

Everytime you call me up babygirl
Just holla let me know you're feeling me
I don't think you know what you mean to me
Girl, you got me so open
Your body so fine, you're smokin'
Let me put it out for you,
I wanna bring it out to you
Anytime just let me know

Rain or shine
I will stand by your side
And I will always love you the same
Rain or shine
You will always be mine
And I hope you're feeling the same way

Girl come on
(Girl come on)
Girl come on
(Come on)

Girl come on
Girl come on
Girl come on

Rain or shine
I will stand by your side
And I will always love you the same
Rain or shine
You will always be mine
And I hope you're feeling the same way

Girl come on
(Girl come on)

Girl come on
(Come on)

Girl come on
Girl come on
Girl come on (come on)

Rain or shine
I will stand by your side
And I will always love you the same
Rain or shine
You will always be mine
And I hope you're feeling the same way

Rain or shine
I will stand by your side
And I will always love you the same
Rain or shine
You will always be mine
And I hope you're feeling the same way...
