It's alright, steal the spotlight.
You could be my, be my summer love.
Sunshine, this could be a fun ride.
I wish I had a lil more time, with my summer love.

It's nothin but love when the jukebox bumpin.
My aunty two stepping and my cousins crunk,
And I can smell the barbeque.
Mama fix me a plate or two, cause right now I'm
occupied.

I think I've been hypnotized, a familiar face I like. Even in the shade, on a sunny day. Yo body is burnin up! You get me in the zone, like my favorite song. That's why I gotta turn you up!

It's alright, steal the spotlight.
You could be my, be my summer love.
Sunshine, this could be a fun ride.
I wish I had a lil more time, with my summer love.

I like how your friends all crowd around you. You're the girl from school all the guys always talking about.

Maybe I'm just a flirt, tryna get you to go bizurk! My heart beating right through my shirt, I'm going all out just for her.

A familiar face I like.

Even in the shade, on a sunny day. Yo body is burnin up! You get me in the zone, like my favorite song. That's why I gotta turn you up!

It's alright, steal the spotlight.
You could be my, be my summer love.
Sunshine, this could be a fun ride.
I wish I had a lil more time, with my summer love.

It all started at a family function... Oooh oohh ohh.
I was on my way off, and then you came...
Like a rapture babe, like a picture that can't be

captured baby. You're permanently branded in my mind, you're making this my favorite Summer time.

It's alright, steal the spotlight.
You could be my, be my summer love.
Sunshine, this could be a fun ride.
I wish I had a lil more time, with my summer love.
