[hook]

So you wrote me love letters
You're sweeter than a peach
You relax me like the beach, shawty
I got scars so deep, shawty
I be getting cold feet

[chorus]

Even the truth is a lie
The truth is, love could be so ruthless
You is so bad
You know you so bad
But you won't be the baddest I ever had, no
[The Truth Lyrics On]
Even the truth is a lie
We can never stay together
We tried so many times
The truth
The-the, the truth
Maybe I'm wrong and it's all in my mind
The-the, the truth
The-the, the truth
Feels like I'm dreaming of happier days with you
The truth is a lie
The truth
The-the, the truth
The-the, the truth
The-the, the truth
