Oh woo woo...  
Baby we can work it out  
Wooo wooo woo  
Baby we can work it out

I've been with a lot of girls in my life, but no one came  
to me like you  
Do.  
I have seen a lot of things with this eyes, but right now I  
can only see  
You  
I've had many chances... opportunities I made mistakes  
along the way  
But I love you girl you the only one I want, the only one  
that I need is ye

There is no one who can love you like I do baby we can  
work it out, there  
Is no leaving me going anywhere baby we can work it  
out  
Sometimes I say thing that I don't really mean baby we  
can work it out  
I don't care going anywhere baby we can work it out  
(Let me talk to you girl)

I have done a lot of thing that I'm not proud of  
sometimes I wish I can go  
Back, I do thing differently  
I know I play so many games  
Getting chances to be there for you, but other thing  
how I wanna do, but I  
Love you girl you take after me every time you me

There is no one (no one)  
Who can love you like I do  
(Baby we can work out anything anything) baby we can  
work it out, there is  
No leaving me going anywhere (please don't go) baby  
we can work it out  
Sometimes I say thing that I don't really mean (I didn't  
mean what I

Said... girl) baby we can work it out  
I don't care (I don't care) going anywhere baby we can  
work it out

I've tried and tried to love you right I tried to be right by  
you side you  
Gotta know I love you so even know we had bad times  
girl  
I seen a lot I have to rest  
And now I know that you the best do we all I be satisfied  
you needs  
Anything you want from me ohh woo

There is no one who can love you like I do baby we can  
work it out, there  
Is no leaving me going anywhere baby we can work it  
out  
Sometimes I say thing that I don't really mean baby we  
can work it out  
I don't care going anywhere baby we can work it out
