On the floor, oh, oh, oh, oh, oh, oh, oh, oh  
I need a bad girl on the floor  
Are you a bad girl let me know  
Are you a bad girl?

Oh it's the weekend, call your girls up maybe we can  
Hook up for a minute and I'm thinking  
Meet me at the club for some drinks in  
I'm about to get my... on,... I don't see nothing wrong  
With a little fuck... let's get it on  
Bartender is making all the drinks wrong  
Now I'm focused,... in the back posted  
... toasted, I said shawty freeze and she froze it  
And then she brought it back, girl you the coldest  
I don't know how to act, looked up and nodes  
Fine women anywhere, so I had to stay back  
Though you got it like that

She's bad, she's bad and she knows what she working  
with  
I ain't even... got me looking back at ya  
I said she's bad, she's bad and she knows what she  
working with  
Gotta let you know, you're so beautiful, all the bad girls  
on the floor

And... feel good, let me set the mood for the divas  
I'm buying off the bar for the drinkers  
More bottles of rose, so whatever... say  
Keep the remi coming  
Shawty, with the... looking like a winnr top model  
She wants pink moscato, I say fill her up  
Girlfriend sipping... to the floor,  
so now I'm in the crowd, a sea full of women  
Gotta hater her over there, me mugging...  
And now she looking at me... and now she wants to  
party up in vip  
And I see popping bottles and getting tipsy...

She's bad, she's bad and she knows what she working  
with

I ain't even... got me looking back at ya  
I said she's bad, she's bad and she knows what she  
working with  
Gotta let you know, you're so beautiful, all the bad girls  
on the floor  
Bad girl on the floor  
Are you a bad girl let me know  
I need a bad girl on the floor  
Are you a bad girl let me know  
I need a bad girl on the floor  
Are you a bad girl let me know  
She's bad, she's bad and she knows what she working  
with  
I ain't even... got me looking back at ya  
I said she's bad, she's bad and she knows what she  
working with  
Gotta let you know, you're so beautiful, all the bad girls  
on the floor.
