Feels good , you see , i was stranded , but you came  
and became my everything  
but im not used to this , call it love sick  
but im loving this  
so beautiful and painful  
summer rain  
Have you ever loved someone so much that deep down  
it hurts  
cause im sick to my stomach  
i got \_\_\_\_\_  
how could you do this to me baby  
how could i let your loving take over me , simply  
controlling me ; suddenly  
it feels like summer rain running through my veins i  
cant ease the pain i gotta feed it \_\_\_\_\_  
it feels like summer rain running through my veins i  
cant ease the pain i gotta feed it \_\_\_\_\_  
i get a chill up and down my spine ever you need \_\_\_\_  
and i dont know whats come over me  
think im coming down with something deadly  
and maybe your love for me is more than i could ever  
dream , you make a dream a reality , so heavenly  
i want you to stay here cause where your \_\_\_\_\_  
i hear you calling me what has come over me feels like  
you \_\_\_\_\_  
chours (2x)  
i can hear you call me , while the rain is falling all over  
me but the sun is shinning my tempurature is rising  
i hear you callin me it feels like summer rain  
( ohhhhhh )  
(4x) summer rain  
i can hear you calling while the rain is falling , girl my  
\_\_\_\_\_  
feels like a summer rain  
( ohhh )  
( feelssss )  
chorus
