From the slopes of echo mountain,
We watch the city through a cloud,
It looks so pretty from a distance,
It looks so pretty fading out.
Break a dawn here comes the sun we've reached the
summer
This is what it's all about.
One last look before we jump in,
One last breath, one shout.

Ooeh,
Come with me,
Oooeeh,
Come with me,
Ooeh,
Come with me
With you I'm counting,
Come with me to Echo mountain.

For every flood there will be plenty,
For every perfect day and night
For every setting sun I feel so humble
For every shadow cast there will be light.

Ooeh,
Come with me,
Ooeh,
Come with me,
Ooeh,
Come with me
With you I'm counting,
Come with me to Echo Mountain.

Break a dawn we've reached the summer
This is what it's all about.

Ooeh,
Come with me,
With you I'm counting
Come with me to Echo mountain.
Come with me,
Come with me,

Come with me
With you I'm counting,
Come with me to Echo mountain.

For every shadow cast there will be light.
