There's a reason, so well hidden

Why I was torn apart from you

Like a song I've never written

Like a joke without a clue

No, I don't want to close my eyes and think of you

How I'd like to get you back

But He won't let me

How I'd like to sing the songs

We knew by heart

"Farewell" sounds really cheap for pain you left me

And it is growing mushrooms in my heart

No, I don't want to close my eyes and think of you

I want to try to get some sleep

But it is hard, can't take the leap

(I'm going to try to get some sleep)

I'm going to try to get some sleep

Join the great subconscious club

I'm going to try to get some sleep

But I'm afraid to wake up

Do you realise I don't know what to do?

Did you become just an idea, are you still real?

Do you still have that snapshot that I gave you?

Oh don't answer me, it wouldn't change the way I feel

Do you feel as if you're having a ball?

Oh, I guess, I hope you don't feel anything at all

I'm going to try to get some sleep

Join the great subconscious club

I'm going to try to get some sleep

But I'm afraid to wake up

I'm going to try to get some sleep

Join the great subconscious club

I'm going to try to get some sleep

But I'm afraid to wake up

Try to get some sleep
