Go on my love  
I know you will show  
But if there was a way  
I would keep you home  
You fight for the tears  
In the eyes of our child  
As she stares at the head  
Of her brother who died  
For our future, our land  
For the freedom to dance  
Wherever the music might lead us my friends  
You died all alone  
And I no longer pray  
Because if there was a God  
He'd let you stay  
So tomorrow I'll burn  
Our house to the ground  
And we'll join you up there  
We no longer care  
'bout the future, our land  
Or the freedom to dance  
Wherever you are we're already there.
