My life's in syndication  
I need some variation  
The exploding nature of this  
Keeps it from seeing the end.

It's almost over now, but it doesn't see the way it  
happens, how it falls so peacefully.  
It falls so peacefully, but when it hits the ground, it  
blows up and dies, along with

Everything around  
Again it drowns  
As far as I can see  
And far away

You hear the sound  
Of another girl rejecting me

Can you count the times when you wake up, feel  
insecure, and put on more makeup?  
It's obvious to where you are bound, that is, of course,  
if you don't turn

Everything around  
Again it drowns  
As far as I can see  
And far away  
You hear the sound  
Of another girl rejecting me
