[Intro]

Ooh, baby (Baby, baby)

Ooh, baby girl (Baby, baby)

Ooh, ooh, ooh, ooh

If I had been there to wipe your tears

Then no one else would be around

If I had been there to cradle your fears

We'd still be together now, now

Wish I could be there to share your dreams

I wish that I could still deep down, baby

But you are gone and I'm here alone

And I sure do regret it now

Oh, yes I do

Said I really do

Oh, I'm missing you

Oh, I'm missing you, baby

1 - Baby, I should have known

I should've cared just a little bit more

I shouldn't have listened to a word from the fellas

I shouldn't have let my sweetie go

Baby I, I want you to know

If I could take it back you know that I would

I'd give anything to get things back

Now that I know all the things I should have known

Ooh, baby (Baby, baby)

Ooh, baby girl (Baby, baby)

Shoulda been there with my baby every night

kissin' you and holding you so tight

How I wish that I could be with you right now

I'd give anything to see your smile, smile

But I'm all alone

And all the 'should've's in the world

They won't bring you back

And I'm the one to blame

I didn't know how to act
Or to save a love
And I sure do regret it, lady
Lady, lady, lady

Repeat 1

I promise I won't ignore you
You'll never never never be alone, no
Just lean on me as your shoulder
Girl, I promise you I won't let you fall
Oh, yes I do, yeah, yeah
I'm missing you, I'm missing you, you baby

Repeat 1

All the things I should have known
I should've should've should've known
All the things I should of known, oh
All the things I should
The things I should
The things I should have known
