I don't wanna be the one girl
You keep giving excuses to
I just wanted to be us girl now and forever
And I don't know if you realize what you doing to me
If you say you love then you say you don't
Girl you driving me crazy

I don't know if you're leaving today baby
I don't know if you're going to stay
I don't know if you've made up your mind
Please stay mine
I don't understand I thought you were happy here
You keep acting like you wanna go
What can I do to make you stay
To keep you from saying goodbye

You keep bringing up the past girl
Holding it over my head
How can this fire last
If you keep on putting it out
I'm trying my best to give you everything I ever could
But you keep on pushing me away

I don't know if you're leaving today baby
I don't know if you're going to stay
I don't know if you've made up your mind
Please stay mine
I don't understand I thought you were happy here
You keep acting like you wanna go
What can I do to make you stay
To keep you from saying goodbye

(repeat chorus)
