All I can do is sit alone in my room baby
Thinking about ya
How could this be that you are not here with me
When I gave you the best of me
I faced each day (each day)
Without a smile
And life seems so unfair
I feel like I wanna (like I wanna) die
Cause you couldn't even give me a last
You couldn't give me a last goodbye baby

I've waited weeks for your call
I waited here by the phone
But when the silence grew long (it grew to long)
I knew that something was wrong (ooooohhhhhhhh)
Right then I knew it babe
How could you do it babe (how could you do it)
How could you tear my poor heart in two (why did you
have to do it
ooooohhhh)
How could you do it babe
How could you do (how could you do) it to me (to me)
Do it do it how could you do it baby
And tear my poor heart in two

Ain't no more blue up in my sky
Only cloudy moments ha
And these tears like rain you left behind
All of those memories in the corner of my mind
I started looking at us pictured in a frame
As I start to cry 'cause I can't picture us apart
Oh my God can you help me
Can you help me with this pain
With this pain I'm feeling deep down inside.

I've waited weeks for your call (yes I did)
I waited here by the phone (everyday)
But when the silence grew long (too long)
I knew that something was wrong (Yeah)
Right then I knew it babe (baby)
How could you do it babe

How could you tear my poor heart in two
(how could you do it how could you do it to me baby)

Girl tell me it's not true (all my life)
Do I have to spend the rest of my life without you baby
How can I get through
How can I get through this pain
this pain of losing you baby

I've waited weeks for your call (I've waited for your call)
I waited here by the phone (By my phone)
But when the silence grew long
(I knew it, I knew it, I knew it, I knew it)
I knew that something was wrong
Right then I knew it babe
How could you do it babe (why you do this why you
went away)
How could you tear my poor heart in two (yeah yeah)
Yeah baby oooohhhhh
I've waited weeks for your call
I've waited here by the phone
Break it down, break it down (broken the silence too
long)
Break it down, break it down (I knew that something
was wrong)
Break it down
