All I can do is sit alone in my room baby,  
Thinking about ya,  
How could this be that you are not here with me,  
When I gave you the best of me,  
I faced each day (each day),  
Without a smile,  
And life seems so unfair,  
I feel like I wanna (like I wanna) die,  
Cause you couldn't even give me a last,  
You couldn't give me a last goodbye baby.

I've waited weeks for your call,  
I waited here by the phone,  
But when the silence grew long (it grew too long),  
I knew that something was wrong (ooooohhhhhhhh),  
Right then I knew it babe,  
How could you do it babe (how could you do it),  
How could you tear my poor heart in two, (why did you  
have to do it  
ooooohhhhh),  
How could you do it babe,  
How could you do (how could you do) it to me (to me),  
Do it do it how could you do it baby,  
And tear my poor heart in two?

Ain't no more blue up in my sky,  
Only cloudy mornings,  
And these tears like rain you left behind,  
All of those memories in the corner of my mind,  
I started looking at us pictured in a frame,  
As I start to cry 'cause I can't picture us apart,  
Oh my God can you help me,  
Can you help me with this pain,  
With this pain I'm feeling deep down inside.

I've waited weeks for your call (yes I did),  
I waited here by the phone (everyday),  
But when the silence grew long (grew long),  
I knew that something was wrong (Yeah),  
Right then I knew it babe (baby),  
How could you do it babe,  
How could you tear my poor heart in two,

(how could you do it how could you do it to me baby)?

Girl tell me it's not true (all my life),  
Do I have to spend the rest of my life without you baby,  
How can I get through,  
How can I get through this pain ,  
This pain of losing you baby?

I've waited weeks for your call (I've waited for your call),  
I waited here by the phone (By my phone),  
But when the silence grew long,  
(I knew it, I knew it, I knew it, I knew it),  
I knew that something was wrong,  
Right then I knew it babe,  
How could you do it babe (why you do this why you went away),  
How could you tear my poor heart in two (yeah yeah),  
Yeah baby oooohhhh,  
I've waited weeks for your call,  
I've waited here by the phone,  
(Break it down, break it down, break it down) but then the silence grew long,  
(Break it down, break it down) (baby) I knew that something was wrong,  
Right then I knew it babe (I didn't mean to do it, didnt mean to do it),  
How could you do it babe,  
How could you tear my poor heart in two (oooohhh, no no),  
How could you do it babe,  
How could you do it, do it, do it, do it,  
How could you do it baby and tear my poor heart in two,  
(oh yeah)(no, no)(so sorry babe)(said im so sorry baby)(you...)
