They're always running around  
Telling me that i should be free  
But there's no kind of way  
I'd let them take your love away from me  
You see I'm not one who goes on  
Speculation, hearsay, gossip  
But i'm a firm believer  
In trusting, caring, and loving  
My love for you is so timeless  
It's deeper than the depth of emotion  
and everyday goes by, I'm finding  
The reasons that i love you more and more

Now and forever will i love you and be true  
Now and forever will i keep what we have new  
I will cherish, adore you  
Trust and give my all to you  
Now and forever will i always love you

I'm not intrested in starting all over again  
To give you up on someone's words  
It's not something i'd do  
You see you can tell a tree  
By the fruit that it bears  
And from where i stand  
I see my field is yielding  
Wish we could sail away on an ocean  
Float away on midnight dreams  
And we don't need a magic potion  
So we can live inside our dreams

Now and forever will i love you and be true  
Now and forever will i keep what we have new  
I will cherish, adore you  
Trust and give my all to you  
Now and forever will i always love you

You're everything i ever want in a lover  
You're everythng i ever needed in a friend, yes you are  
You're the shoulder that i'm leaning and depending on  
And i could never hurt you  
You're everything to me
