The look within you eyes, baby
It makes me wonder why, lady
You want to get with me, darlin'
When I thought we were just friends

Then you made your move on me
You started moving on me strongly
Even though nobody was around
I still had to tell you to slow it down

And we don't have to rush the night away
There's always gonna be another day
A time to make love and a time to play
What I'm trying to say, take love slowly

We don't have to rush the night away
There's always gonna be another day
A time to make love and a time to play
What I'm trying to say, take love slowly

When I took you to my house, baby, you got buck wild
And kicked off your shoes, then you started dancing
I said, "Come over here, have a little seat with me
All I wanna do is watch a little bit of TV"

She started rubbin' on my legs, fingers in my hair
Then you got silly, said, "Let's play truth or dare"
I'm not in the mood, honey, I swear
Baby you're outta control and I had to get up out of
there

And we don't have to rush the night away
There's always gonna be another day
A time to make love and a time to play
What I'm trying to say, take love slowly

We don't have to rush the night away
There's always gonna be another day
A time to make love and a time to play
What I'm trying to say, take love slowly

Don't rush

(Don't)
Don't rush it
(Don't)
Don't rush
(Don't)
Don't rush
(Don't rush)
Don't rush
Don't rush it

Babe, don't rush
Don't rush
Don't rush it
Don't rush
Don't rush
Don't rush
Don't rush it baby

And we don't have to rush the night away
There's always going to be another day
A time to make love and a time to play
What I'm trying to say, take love slowly

We don't have to rush the night away
There's always gonna be another day
A time to make love and a time to play
What I'm trying to say, take love slowly

And we don't have to rush the night away
There's always gonna be another day
A time to make love and a time to play
What I'm trying to say, take love slowly

We don't have to rush the night away
There's always gonna be another day
A time to make love and a time to play
What I'm trying to say, take love slowly
