I just wanna dedicate this song  
To all the lovers in the world tonight  
And I expect that to be the whole world  
Because everybody needs someone  
Or something to love, yeah

When it's cold outside  
Girl, who are you holding?  
You'll be holding me  
Well, well, well, well, well

Said if y'all don't mind  
Can I talk about this woman I have?  
She's always complaining about the things she ain't got  
And the things her girlfriend's got  
But lady I will let you know  
I can't be in two places at one time

If you think you're lonely now, ooh yeah  
Wait until tonight, girl  
Oh, you better wait 'til tonight, yeah baby  
Wait until tonight, girl  
If you think you're lonely now  
Wait until tonight girl

I'll be long gone  
(If you think you're lonely now)  
Yes I will  
(Wait until tonight, girl)  
You better wait until tonight

When skeletons come out of your closet  
And chase you all around the room  
Memories sound like a ghost  
And you are scared talk to me, baby

If you think you're lonely now  
(Wait until tonight, girl)  
Wait until tonight  
Wait until tonight, baby, yeah yeah  
(Wait until tonight girl)

You better wait until tonight  
(If you think you're lonely now)  
Do you believe me baby?  
(Wait until tonight girl)

Ain't it funny how tables turn  
When things ain't goin' your way  
When love walks out, pain walks in  
You can't help to say

If you think you're lonely now  
Wait until tonight, girl  
If you think you're lonely now  
(You better wait girl, yeah)  
Wait until tonight, girl

If you think you're lonely now  
(If you think you're lonely now)  
Hold on, ooh yeah  
Wait until tonight, girl

I wanna testify  
I wanna testify  
I wanna testify to ya  
I just got one thing to say  
If you think you're lonely now

If you think you're lonely now  
(Baby, yeah)  
Wait until tonight, girl  
(Share your feelings)  
If you think you're lonely now  
(Ooh yeah)  
Wait until tonight, girl  
(Oh, don't be a fool)

If you think you're lonely now  
(Baby please don't be a fool)  
Wait until tonight, girl  
If you think you're lonely now
