ohhhh baby
(baby baby) x2
if i had been there to wipe your tears
then no-one else would be around,
if i had been there to cradle your fears
we'd still be together now
now
wish i could be there to share your dreams
i wish that i caould still be bound ..baby
but you are gone and i'm here alone and i sure do
regret it nowww.
awwww yeahs i do
said i really do
aww i'm missin you-x2
baby i should have known
i should have cared just a little bit more
i shouldna listened to a word from the fellas
i shouldna let my sweety go
baby i
i want you to know
if i could take it back you that i would
i'd give anything to get things back now that i know
all the things i should have known
i should have been there with my baby every night
been kissing you and holding you so tight
how i wish that i could be with you right now
i'd give anything just to see your smile
smile
but i'm all alone and all the should haves in the world
they won't bring you back
and i'm the one to blame
i didn't know how to act
or to save the love and i sure do regret it
lady.... lady.. lady lady
baby i should have known
i should have cared just a little bit more
i shouldna listened to a word from the fellas
i shouldna let my sweety go
baby i
i want you to know
if i could take it back you know that i would

i'd give anything to get things back now that i know
all the things i should have known
i promise i won't ignore you
you will never never never be alone lone lone
just lean on me as your shoulder
girl i promise you i won't let you fall
awwww
yeahs i do..
i'm missin you x2
you baby
awwww
baby i should have known
i should have cared just a little bit more
i shouldna listen to a word from the fellas
i shouldna let my sweety go
baby i
i want you to know
if i could take it back you that i would
i'd give anything to get things back now that i know
all the things i should have known x3
all the things i should
the things i should
the things i should have known.
