[Intro]

What am I gonna
What am I gonna
What am I gonna
What am I gonna do

[Repeat above 2 times]

What am I gonna
What am I gonna do
What am I gonna do

We fell in love a year ago
Everything was fine
And then you started hangin' out late
All the time, all the time

I had to eat all alone
I had to sleep all alone
I had no one to call my own
'Till I fell in love with someone new

If you love me, and I love you, baby why
(You've been duckin' me)
Late at night when it gets cold
I have no one to hold
(I have no one to hold
I have no one to hold me)

If I love you, and you love me, baby why
(Why do I have somebody new?)
Now I got two, what am I, what am I gonna do?

Tell me
What am I gonna do, baby
JoJo, help me sing it

I ran into you the other day
Everything was fine (Everything was fine)
Until I saw you hangin' out
With another guy, with another guy

I knew you had someone else
That's why I found someone else
You tryin' to play me, but I guess
I guess you seen that I wasn't goin' for that

[1] - If you love me, and I love you, baby why
Late at night when it gets cold
I have no one to hold

If I love you, and you love me, baby why
Now I got two
What am I, what am I gonna do?

Tell me, tell me, tell me baby
Oh whoa, oh whoa
What am I gonna do, baby
Yeah, oh whoa
What am I gonna do?

Baby, I gotta know
Need to know
Tell me, tell me, tell me
Baby

Repeat intro while:
I gotta know why
Oh yeah, and you know

[Repeat 1]

If you love me
Tell me why
Now I got two
