Yeah, yeah, yeah, yeah, yeah, yo, Jojo

Isn't it funny? The things you said and done to me
You said, you want me but now lady I wanna be free
You lied to me, you said, you never would play me
But I found out that you were lyin' all the time

You pick me up
You bring me down
When I thought I found in you, solid ground
And you turn my smile into a frown
Girl you promised that you'd never let me down
But now you're not around

Jojo help me, yeah, yeah
Can I get a witness?
I can go on and talk a little 'bout me
Listen, yeah

When I was up, girl you brought me down
Played me like a clown, you thought I'd stay around
So you could, you could abuse me, take my heart and
use me
And you see I'm still around for your talk and for your
smile

You can pick me up
And you bring me down
When I thought I found in you, solid ground
You turn my smile into a frown
Girl, you promised that you'd never let me down
And now you're not around

Help me say, oh
Say it, say it
Say it yeah, say oh

There is somethin' I have to say, somethin' I can't delay
You hurt me so bad and you made me feel so sad
It's a feelin' I can't explain, I won't let you wreck my
brain
You said you'd never hurt me but then you go and

desert me baby

Girl you pick me up
And you bring me down
When I thought I found in you, solid ground
You turn my smile into a frown
Girl you promised that you'd never let me down
And now you're not around

Baby, baby, baby, baby
Baby, baby, baby, baby, ooh yeah
You broke me down, you broke me down
You are the only one I trusted, yeah baby
