It's high now
So low it's high
Check this shit out, yo
Check this shit out

Took a trip on a bus that i didnt know
Met a girl sellin drinks at the disco
Said truth comes back when ya let it go
Seems complicated cause it's really so simple
Walkin down yonge street on a Friday
Can't follow them gotta do it my way
No fast lanes still on the highway
Movin in and out
Don't doubt theres a brighter way

No time ta get down cause I'm movin' up
No time ta get down cause I'm movin' up
No time ta get down cause I'm movin' up
ahh ahh
She got the crab in the buckit
No time ta get down cause I'm movin' up
No time ta get down cause I'm movin' up
No time ta get down cause I'm movin' up
ahh ahh
She got the crab in tha buckit

It's like this
It's like you know it is
It like flys on the window screen
Writing on walls
Square is clones screamin
Havin a ball
Feelin themselves just before last call
Tick a tick a tock tick a tick a tock
Clock strikes 12
Clock strikes 1
Smokin gun put these fools on the run
I know it's not that simple
I know it's not that hard
Where ta go

No time ta get down cause I'm movin' up

No time ta get down cause I'm movin' up
No time ta get down cause I'm movin' up
ahh ahh
She got the crab in the buckit
No time ta get down cause I'm movin' up
No time ta get down cause I'm movin' up
No time ta get down cause I'm movin' up
ahh ahh
She got the crab in the buckit

You're not made
Yea I heard you man
Yo check yo
Yo

It's a conniption
Fit from the microphone lid
I take it higher like a bird on the wire
It's higher the fire
I never
Cause I'm just movin on up
Choosin ta touch the unseen
Cravin ta clutch the most inevitable
Legible
Pyromania
Slayin the devil n' sendin him back to Transylvannia
Strangely enough
I ain't from that side of the ghetto
From a heavy metal will settle the puppets like Jepetto
Damn
If there was one created by sand
Then I'm lookin in the water for reflections of man
Uderstand
The minds evolve time when it's empty
MC tragically hip or hit by a semi

No time ta get down cause I'm movin' up
No time ta get down cause I'm movin' up
No time ta get down cause I'm movin' up
ahh ahh
She got the crab in the buckit
No time ta get down cause I'm movin' up
No time ta get down cause I'm movin' up
No time ta get down cause I'm movin' up
ahh ahh
She got the crab in the buckit
