Nyce 2 know ya [x3]

Live inside your head just like the day before tomorrow.  
Been spending most our lives recalling things we  
already know.

I tried too hard to steal the sky and call it heaven  
bound.

At times I feel like I'm alone like a new kid in town  
She said I need your love that's what she says  
She said she had to break the mirrors that exist in her  
head

I often wonder if I could keep you compromisin' things  
But then I feel the heat and wind beneath these angel  
wings

Nice to know ya  
Can't believe it's almost over now and you just wanna  
let me go  
Nice to know ya  
And when I look up at your picture I see someone I ain't  
seen before  
Nice to know ya  
Cause every time you talk about it how come I'm always  
the last to know  
Nice to know ya  
You know you don't even deserve me 'cause you would  
rather close the door  
Nice to know ya

I'd rather run than work this out  
You light the sun cause you burned it out  
Ain't no time to waste  
Already had my taste I gotta find another way  
You and I goin' forever out of place but girl I'm leaving  
you today  
Ohh never change always be the same drivin' slow on  
purpose up in my fast lane  
Then again how do you reason with the heathen - if  
perception is reality, perceive that I be leavin'  
I know the reason you need somethin' to believe in,  
God she's the type to kick a sleepin' dog  
Raw when I eat the beat like a freak I'm over chic bleak

I'm turnin' the other cheek

I don't wanna be the one to tell you it's over  
I'm wise enough to see the sun I'm finally sober  
I'm moving on you can't prove me wrong girl  
There's nothing left to say cause I'm goooooone

Nice to know ya  
Can't believe it's almost over now and you just wanna  
let me go  
Nice to know ya  
And when I look up at your picture I see someone I ain't  
seen before  
Nice to know ya  
Cause everytime we talk about it how come I'm always  
the last to know  
Nice to know ya  
You know you don't even deserve me 'cause you would  
rather close the door  
Nice to know ya.
