And boy I know you want it, I got it
Come and kiss on me
I'll give you everything you're asking for
Everything you need
Boy you know my body's calling
You need to come and kiss on me
I'll give you everything you're asking for
Everything you need

And girl you say you need a freak well I can be that
But men ain't eating that, right
So I can be that fiend on the sight
That you need
Catch yourself lonely...
Don't you ever hesitate to call me, I got you
Since I got a deal, my phone been ringing all crazy
But I can find 45 mins for you baby
Yeah I'm about stamina and power
You know that quickie always turns to several hours
And god I make that pussy shower,...
Toss a couple dollars on that ass right there, like magic
Whoa... Shawty jump upon it, make it disappear

And boy I know you want it, I got it
Come and kiss on me
I'll give you everything you're asking for
Everything you need

Boy you know my body's calling
You need to come and kiss on me
I'll give you everything you're asking for
Everything you need

And Shawty got potential, to maybe be my lady
Treat her to the finer things... like
The purple and the lakers, and the... vacation
I like to see her fresh out the shower... waist is
And damn Shawty bad like a 2 year old...
Make me wanna hit it week days through the weekend
Whispering in her ear while I'm beating
You sexy, right after I put my tongue right where her

chest is
And uh baby you like that
If I bite you, you can't bite back
And Shawty bring it over here
Come and jump upon it, make it disappear

And boy I know you want it, I got it
Come and kiss on me
I'll give you everything you're asking for
Everything you need
Boy you know my body's calling
You need to come and kiss on me
I'll give you everything you're asking for
Everything you need.
