The life for the young nigga with many bless
Tryin to overcome the struggle with the second guest
Pure pressure the devil learn he will protect
I'm just tryin to bubble you don't wanna let
Feeling like my old friend start to better guess
Fuck em my weapon got me like the red
So every day I'm hustlin selling tracks like crack to my
customers
Picture me rollin I'm on my job better than ever
The definition of livin this niggas lives
Going hard for my niggas is doing time
These nigags claiming more money but won't grind
These niggas claiming they're gangsta but don't rhyme
I know some niggas that's gangsta that let it fly
So miss me with all that 'cause is all rap
My nigga this is all rap

Chorus:

They say the world will never love me
And that why would it matter, no
But even when it doubt me, I
I never let em stop me, no
And got so crowded at the bottom and jeni to the top
So everybody I made it so I ain't gonna stop, so come
on
Oh my niggas come on me

Fresh out the oj, step on the pj
Bout to make a hundred in the mo is the replay
All is money callin grand bingy on the three way
'Cause I'm the one that cut the cake, dj it ain't my bday
For the switch the shit I had em follow with my lead
ways
Trappin off the re-pay stayin close three days
Runnin in the race I ran with metal like the relays
But now I've been bird off spinnin like the dj
More paper, more problems, more hammers
More haters, fast watches, more cameras,
Bad bitches, south parties no campus
So rock bottles and top models they're going homage
Huh, fly with that nigga in back of the joe

Just made a melly on the road I'm back of the code
I'm back at the store rappers and taking their fans
My bitch was made out of lunin, my jade was made out
of...

Chorus:

They say the world will never love me
And that why would it matter, no
But even when it doubt me, I
I never let em stop me, no
And got so crowded at the bottom and jeni to the top
So everybody I made it so I ain't gonna stop, so come
on
Oh my niggas come on me
