Baby I love and I never will let you go but if I have to
boy I think that u should know all the love we made will
never be erased and I promise u that u will never be
replaced {repeat}

I love u yes I do I'll be with u as long as u want me to
until the end of time

From the day I met u I knew we would be together

Now I know I want to be with u forever

I want to marry

I want to have your kids

Nothing could ever compare to the feeling of your
kisses

I can say I'm truly happy tell this day you made me
thank god I live my life everyday

There's never been a doubt in my mine that I regretted
having u by my side

But if the day comes I have to let you go

I think there's something I should tell u

I enjoyed everyday I spent with u

And I will miss u cause I happy I had u at all

Baby I love u and I'll never let u go but if I have to boy I
think u should know the love we made will never be

eased and I promise u you will never be replaces

{repeat}

I love u yes I do I'll be with u as long as u want me until
the end of ttttttttiiiiiiiiimmmmmmmmmeeeeeeeeee
