(Verse 1)

Tell me where it is I'm supposed to be  
Tell me what it is I'm supposed to see  
My dad, my pops, the big man, my own buddy  
Me callin' you that is kinda funny  
Where were you at when I was Twelve  
Always wanted to go straight to hell  
Or back when I was in the 10th grade  
The first time I stepped out of my shell  
I've always flipped ever since then  
The predicament we in don't even make no sense  
It's just like a nigga who would try to bomb  
Why can't you just send us back to my mom  
You are lucky enough to even know my name  
Sittin' here lettin' grandma take the blame  
That is why she's so fucked up now  
And now this family will never be the same  
I used to look up to you as a role model  
Sorta like Lil' Wayne and Birdman when they pop  
bottles  
Have you ever looked yourself in the mirror disgusted  
at how you look well I do  
I look at myself and I think "How Retarded"  
Because of my decision and the shit that I started  
Talk about "Man there's a lot of consequences"  
Thinkin' it was too easy like the way I hop fences  
Well did you snickle when you found out you were  
violent  
Oh you didn't figure it out yet well I did

(Verse 2)

How can you do this to your own flesh and blood  
I feel like the singers from the Puddle Of Mudd  
I guess me and Marshall aren't all that different  
Because all of our respect for our fathers have  
stiffened  
I bet there's a lot of things about me you don't  
understand  
Like the fact that I am called Mr. Random Man  
You go around people sayin' "Oh Keanu's good"

When you say I don't listen while we in the hood  
This city we in you need to get us outta here  
Put us in a better environment  
You ain't no father about the things that you do  
My stepfather to me is a better father than you  
What's the matter won't take a dip of mom's curry  
If you hadn't cheated and transmitted you wouldn't  
need to worry  
Prick, you fuckin' cunt, asshole, slut, fuckin' manwhore  
I bet you didn't even know what you were almost  
poisoned for

(Verse 3)

What's the matter you mad that I moved out  
That's because of the words you began to shout  
I guess it was time to move to a better place  
You shoulda thought about that when you cursed in  
my face  
Let me educate you with something I couldn't say  
before  
Now I can do a lot of things you can't yell about  
anymore  
I feel like the guy on Never Back Down the night when  
his brother died  
Lookin' in the mirror feelin' disgusted all inside  
I'm afraid of when I have kids of what I'm gonna do  
I'm disgusted at you, your thoughts, and what you did  
Unlike you I look forward to one day havin' a kid  
You say just 'cause I'm your son you love me  
Hahaha nice joke, but your lies a lil' bit runny  
I'm 18 and you think 'cause your above me you run me  
Again I gotta admit that, that was really funny
