Love, love is strange
A lot of people take it for a game
Once you've get it you never wanna quit
After you've had it you're in a awful fix
Many people, don't understand
They think lovin' is money in their hand
Your sweet lovin' is better than a kiss
When you leave me sweet kisses I will miss

Someone say to me K.T how do you call you're
loverboy?
Come here loverboy
And if he doesn't answer
Oh loverboy
And if he still doesn't answer
I simply say
Baby, oh baby, my sweet baby, you're the one
Baby, oh baby, my sweet baby, you're the one

ooh oo ooo
oooh oo ooo
oohh oo ooo
oooh oo ooo.....
