When it comes to respect
it's the mass of the art
We been had this
we advance as the mastas and got
We the spandest, flip the masses apart
Now_you pay me and that's from the heart

now me and fat joe said let's go, let's go
the meaning of this song
I think everybody should know
and my style is like no other
when I speak it's unique
so you best not get it twisted
the Factory came and beat
They clainin' they understand
but I don't think they were sure
You can say whatever you want
Actions speak louder than words
united my people stand
so you know that this ain't a game
It's the God damn reason we put the 1 in our name
They ain't never know I am teamed
that's a childhood blessing
Never think yu fail playa
now you counting your blessings
I know you scard cause you ain't know what to especto
So we break down the meaning of
Amor, Familia, Respecto!

Amor, Familia Respect, Respect
Amor, Familia Respect, Respect
Amor, Familia Respect, Respect
Amor, Familia Respect, Respect

Amor, Familia, Respecto lo tengo yo
dentro mi alma clavado en mi corazon, guayo!
Amor, Familia, Respecto lo tengo yo

estos son los valores que Dios me enseno
Guayo,guayo!

Yo,I speak out man I'm blowing ?
these crooked industries tryin' to steal my throne
Now we busting back back
we's the head of the globe
to overcome all they had to become one
Now here we go again beefing without grabbing the ?
This cat needs to practice what he's preaching man
Now we go attacking back,
bring a beef with beats
Plus the ben that hit it's enemy
that left me broke in the street
Yo that cat ain't ? simply a waste of space
He's thinking he's balling
he only sell in us face
You need to recognize my fate
this game I speak with taste
Pero ya tu sabes el corazon Latino
Nunca vence
Y ya tu sabes que soy el capiton
el mero,mero
el que the hace temblar de miedo, miedo
Y no te escondes con mi dinero
porque te busco
lero,lero!

Love,family,respect
the gold of light
we speak values and volumes_ the ice
Man's work shouldn't be based materially
but by the food he provides his children to eat
Listen to me if that don't cut it
I'll bring them things ot

hear me clearly when it rings out
To be exact I don't gotta be ?
Kings won'ta Fat is crackin' Kings One
we do this to vatos locos reppin' the brown
realize why nosotros when
we step in your town
When they hate they can't stop us
They better watch what they say
cause we spray with them choppas, what!
