Bounce, come on, bounce
Bounce, come on, bounce
Bounce, come on, bounce
Bounce, come on, bounce

I slam the door, boom
When I come into the bedroom, wham bam
'Cause I'm the king of the castle, na na na
Turn me on, turn me loose, come on, come on

Try to hit it, it's a hassle, come get some of this
Don't forget the innuendo, play me like Nintendo
Never ever let go, screaming so loud you'll be hitting
the crescendo
Doh ray me fa sol la te doh

Come baby come, baby, baby come, come
Come baby come, baby, baby come, come
Well, you gotta give me lovin' and you gotta give me
some
You gotta give me lovin' and you gotta give me some

Come baby come, baby, baby come, come
Come baby come, baby, baby come, come
Well, you gotta give me lovin' and you gotta give me
some
You gotta give me lovin' and you gotta give me some

Well I can hear the ring, ring, ring, the telephone goes
ring, hello, hello
But we're still gettin' busy, pump, pump, pump huh
Now you're getting dizzy, I can slow it down
So you can pump it, pump it

Then I can move it fast, so you can pump it, pump it
Two balls and a bat, the pitcher wears a hat
Sliding into home base, tryin' to hit a home run
Swing batta, batta, batta, batta, batta swing

Come baby come, baby, baby come, come
Come baby come, baby, baby come, come
Well, you gotta give me lovin' and you gotta give me

some
You gotta give me lovin' and you gotta give me some

Come baby come, baby, baby come, come
Come baby come, baby, baby come, come
Well, you gotta give me lovin' and you gotta give me
some
You gotta give me lovin' and you gotta give me some

Come down, bring it up, bring it up
Come on

Bounce, come on, bounce
Bounce, come on, bounce
Bounce, come on, bounce
Bounce, come on, bounce

Tell me do you it like? Yeah, yeah
Do you want a little more? Yeah, yeah
Now tell me do you love me? Yeah, yeah
Come on do, do you love me?

Move baby baby, hot baby, baby
Move baby baby, hot baby, baby
Move baby baby, hot baby, baby
Move straight up now tell me

Bounce, come on, bounce
Bounce, come on, bounce
Bounce, come on, bounce
Bounce

Come baby come, baby, baby come, come
Come baby come, baby, baby come, come
You gotta give me lovin' and you gotta give me some

Come baby come, baby, baby come, come
Come baby come, baby, baby come, come
You gotta give me lovin' and you gotta give me some

Come baby come, baby, baby come, come
Come baby come, baby, baby come, come
You gotta give me lovin' and you gotta give me some

Come baby come, baby, baby come, come
Come baby come, baby, baby come, come
You gotta give me lovin' and you gotta give me some

Come down
