We've been together since way back when, And sometimes I never want to see you again But I want you to know, after all these years That you're still the one I want whispering in my ears. You're still the one I like to talk to in bed, still the one that turns

My head

We're still having fun, and you're still the one Well I look at your face everyday, and I never seen it til it went

Away

When winter came, I just wanted to go, Back to a desert, how I yearned for the snow You're still the one that makes me laugh, still the one that's

My better half

We're still having fun, and you're still the one

You're still the one that makes me strong, still the one I wanna

Take along

We're still having fun, and you're still the one You're still the one that I love to touch, still the one, and I can't

Get enough

We're still having fun, and you're still the one You're still the one who can scratch my itch, still the one, and

I wouldn't switch

We're still having fun, and you're still the one You're still the one that makes me shout, still the one that I

Dream about

We're still having fun, and you're still the one We're still having fun, and you're still the one
