i need another job
i need a better car
i need another beer
from another box
i need another woman
like a hole in my head
i should be going home now
to the woman in my bed

beautiful excuses
turns love into pain
pretty lies are useless
always having to explain
beautiful excuses

its not that i dont want to
you could be what i need
i need someone to promise
that i attempt to keep

beautiful excuses
turns love into pain
pretty lies are useless
always having to explain
beautiful excuses
still wont change the truth
there are always consequences
you gotta live with what you do
beautiful excuses

beautiful excuses
it turns love into pain
and your pretty lies are useless
always having to explain
to justify the reasons
it still wont change the truth
there are always consequences
you gotta live with what you do
the most beautiful excuses are the ones i never have to
use
