I can see it in your eyes
You've had a long day
Let's lock the door
Pull down the shades
Turn some music on
Pour a glass of sweet red wine
Let the candles burn
Put your hand in mine

Dance with me
Don't say a word
Just dance with me
Let the world outside disappear

Baby what we got here
Is all we need
Dance with me

I kiss you goodbye
In the early morning light
Sometimes I don't get home
Until its cold and dark outside
Baby here we are
Together all alone
We finally found a moment
We can call our own
