Christmas lunch is done  
Let's go out into the sun  
Get your gear off, put your togs on, grab your girl

Got socks from Aunty Maude  
Jocks from Uncle Claude  
Get your gear off, put your togs on, grab your girl

Get your gear off, put your togs on  
Grab your girl and crack a coldie down the beach  
Get your gear off, put your togs on  
Grab your girl and crack a coldie down the beach

Beer gets hot in kegs  
Sand flies bite your legs  
Get your gear off, put your togs on, grab your girl

Slip, slop & slap  
Or Santa won't come back  
Get your gear off, put your togs on, grab your girl

You've had your Christmas chook  
Don't be a sook  
Get your gear off, put your togs on, grab your girl

'Cause late in the arvie  
We'll light up the Barbie  
Get your gear off, put your togs on, grab your girl
