i hardened up (?) and surrounded myself with these  
walls  
i fought it as long as i could now i cant fight it at all  
what we have is too strong to fight  
so im wavin the white flag tonight

i surrender  
i surrender to you, to us, to this, to love  
take me prisoner, i surrender now

what if i told you i loved you and girl you're the one  
i found everything ive been lookin for, baby im done  
im afraid but im telling the truth  
ive never had this much to lose

i surrender  
i surrender to you, to us, to this, to love  
take me prisoner, i surrender now

oh I'm givin' in, I'm givin up,  
yeah this is it, it's time to trust  
woaahh

i surrender  
i surrender to you, to us, to this, to love

i surrender  
i surrender to you, to us, to this, to love  
take me prisoner, i surrender now

oh take me prisoner baby

i surrender to you  
to us  
to this  
to love
