Mmm feelin' good now...
C'mon baby let's take a walk
Right around the corner
to the kiddie park
We can swing on the swings
and slide all afternoon...
Just me and you
We can call in sick
cause the work can wait
When I'm with you
it's my favorite day
Throw out a blanket and spend
the day playing around
Do you feel me now...

The sun is shining

Got you beside me
It's gonna be ok, ok
No need to hurry or worry about
tomorrow baby
It's gonna be ok
ok, ok now

No need to worry
your pretty little head
If you don't wanna walk
We can stay in bed
We can watch TV and roll around
roll around the hay...c'mon baby

Swings on the swings...watch TV
