It's December 24th, almost Christmas Day
Won't be long before Santa's on his way
What's that up the chimney? Hang on half a mo'
It's a codger with a big white beard going ho, ho, ho,
ho, ho

Oh Owyagoin' Santa Claus you're a real good bloke
Come in and crack a coldie have a yarn and crack a
joke
Those reindeer hooves upon on the roof sure make a
lot of
Noise
But I bet they sound real beaut to all the girls and boys

Little Jon and Sue are trying to get a peek
They've had trouble sleeping 'cause it's been hot all
week
Santa has a car for Jon and a doll for Sue
Valmai gets a new Hills Hoist, a plastic apron too

I un-wrap my parcel, to see just what I got
There's a brand new Esky, now my coldies won't get
hot
Oh see ya later, Santa Claus, been nice to see ya mate
If ya can't get up the chimney, we'll let you out the gate
