I gave back your pictures
I lied and kept two
You're wearing my sweater
And me holding you
You said it was over
We drifted apart
That I should feel lucky but I took it hard
Yeah I took it hard

I'm not the lucky one
He's there with you
I'm just the lonely one
Eternally blue
Love seems to favour some
I'm not the lucky one

I blew up the TV
Yeah I blew off some steam
I kicked out the sofa
And I blew out my knee
I wrote you a letter
It's here on my desk
Since you've been gone
I just can't be myself
Oh I'm such a mess

Oh love seems to favour some
We'll I'm not that lucky
Never the lucky one
