she's got a way of moving her hips
that makes me wanna pull her close taste those lips
oh what a kiss, it's soft and it's sweet
a woman in love closin' her eyes it's somethin' to see

she could have any man she wants but she wants me
give her a rule she'll break it
give her a dance she'll take it
well she wants love we'll make it
what we've got you just can't fake it
she's tough she's smart she's crazy
she's wild but she's a lady
yes she's a dream don't wake me
this girl's got me unafraid to love

i can't get enough
i can't say no
when she's in the mood her hair comes down and she
lets go
the smell of her back
mmmmm
the smell of her skin
the curve of her neck the back of her knee
I breathe her all in

she's taken me to places i've never been
give her a rule she'll break it
give her a dance she'll take it
well she wants love we'll make it
you just can't fake it
she's tough shes smart she's crazy
she's wild but she's a lady
yes she's a dream don't wake me
this girl's got me unafraid to love

give her a rule she'll break it
give her a dance she'll take it
well she wants love we'll make it
what we've got you just cant fake it
she's tough she's smart she's crazy
she's wild but she's my lady

yes she's a dream don't wake me
this girl's got me unafraid to love

oh baby
mmhhmmm

yes she's a dream don't wake me
this girl's got me
in love
