Hope is all that gets me through the day
I've only got myself to blame
I hear a voice inside my head
Says don't give up, you ain't done yet

I should be flying on the ocean
I should be sailing across the sky
But I'm here dying on the inside
Still here waiting
Waiting on sunshine

We live by choices that we make
and when there's more than one to take
You get it right
You get it wrong
Oh you lose your way but you carry on

I should be flying on the ocean
I should be sailing across the sky
But I'm here dying on the inside
Still here waiting
Waiting on sunshine

You get it right
You get it wrong
Oh you lose your way but you carry on

I should be flying on the ocean
I should be sailing across the sky
But I'm here dying on the inside
Still here waiting
I'm waiting on sunshine

I should be flying on the ocean
I should be sailing across the sky
But I'm here dying on the inside
Still here waiting
Waiting on sunshine

Still here waiting
Waiting on sunshine

Waiting on sunshine
