My friends call me up cause they know I'm down,  
take me out, paint the town help me get over it  
A pretty young blonde at the end of the bar buys a  
drink gives a wink then it goes too far,  
We're out on the dance floor feeling the Gin I finally  
start coming alive again  
I take her home for the night,  
everything's right til the first ray of sunlight

Damned if I don't wake up loving you  
I wake up loving you

Thought if I could catch a plane somewhere outta town  
touch down where nobody knows you  
Maybe I could get myself half of a chance  
to get a life and act like a different man  
But my best of intentions were all shot to hell  
I found myself hiding in a cheap hotel  
Drowning in whisky, staring at the tv, trying not to see

Cause I'm just gonna wake up loving you  
I Wake up loving you  
No matter what I say or do I just can't get the message  
through to my heart at your door  
just can't shut it off

Oh I wake up loving you  
Wake up loving you

Remember when I told you I was never going to stop  
Loving you with all my heart and so no matter what  
Now I guess I'm eating every promise that I made  
Cause every night I'm desperate asking god if he can  
just let me forget

But wake up loving you  
I wake up loving you

Wake up loving you  
I wake up loving you  
No matter what I say or do you know I'm gonna wake up

loving you  
Wake up loving you  
Oh yeah yeah yeah  
Oh huh huh  
Oh huh huh  
When I wake up  
Wake up loving you  
Loving you
