There's a rumour goin round that its lookin like
splitsville between us
but all that talks just talk, and dont you believe it
coz i just got a call from my baby and she was all,
"guess what"

We're makin' up
Our on again- off again is on again
We're makin' up
coz she really wants to make it work
I'm still so in love with her
Forget about everything you've heard
YEah we're makin up

Now im the first to admit that the roads been a little bit
bumpy
But dont you think for a moment that she dont love me
So take ur nosy little nose and get a wiff of these roses
on the seat of my truck

We're makin' up
Our on again- off again is on again
We're makin' up
coz she really wants to make it work
I'm still so in love with her
Forget about everything you've heard
YEah we're makin up

Maybe we argue a little too much
Maybe we broke up more then once
But this is the part I love..

We're makin' up
Our on again- off again is on again
We're makin' up
coz she really wants to make it work
I'm still so in love with her
Forget about everything you've heard
YEah we're makin up

(*spoken*) Here she comes now
We're gonna go out for a little dinner

A little wine, a little huggin'
a little kissin, yeah
