I see you on the street
My broken heart still skips a beat
I hear your name inside, I go insane
Baby, each day that we don't touch
Is one more day, it hurts too much
I can't forget the love that we made

But there'll come the moment that we're gonna meet
again
Baby, it won't even bother me
Trying to make it to the day you'll be
Just an old boyfriend

Won't be thinking of you every night
We'd be wishing we could only try
Won't tear me up inside
Just an old boyfriend

Anyone can see the love we killed is killing me
I'm just so sad to lose what we had, oh yeah
There's no doubt that I should be okay by now
But I'm not there yet, it hurts me so bad but

From the moment that we're gonna meet again
Baby, it won't even bother me
I'll be looking to the day you'll be
Just an old boyfriend

Won't be thinking of you every night
Only wishing we could only try
You won't tear me up inside
Just an old boyfriend

Nothing more and nothing less
No more living with regret
Your memory won't get
The best of me, the best of me
Oh, you're gonna see

But there'll come the moment that we're gonna meet
again
Baby, it won't even bother me

Trying to make it to the day you'll be
Just an old boyfriend

Won't be thinking of you every night
We'd be wishing we could only try
Won't tear me up inside
Just an old boyfriend

From the moment that we're gonna meet again
Baby, it won't even bother me
I'll be looking to the day you'll be
Just an old boyfriend

Won't be thinking of you every night
Only wishing we could only try
You won't tear me up inside
Just an old boyfriend
