Hello..

I am Model 371

On Earth they call me Kaci

You think that you know but you have no idea

I'm more than what you can see

If you passed me in the street you would not believe it

Till I transform

From galaxy to galaxy I'm running the show

I'm the diamond in the sky

The internal potential of a star

Life is as we are scared angel [?]

I'm bionic atomic

I'm bionic atomic

I'm bionic atomic

I'm bionic atomic

Now I'm taking over

Lethal and elusive I may live next door

I'm a perfect stranger

I have come to be the one to save the world

From the human nature

I have so much power

I am so much stronger

In the final hour ill be there

I have so much power

I am so much stronger

But you wont know until I transform

From galaxy to galaxy I'm running the show

I'm the diamond in the sky

The internal potential of a star

Life is as we are scared angel [?]

I'm bionic atomic

I'm bionic atomic

I'm bionic atomic

I'm bionic atomic

Now I'm taking over

I'm your hero
You can watch me fly

From galaxy to galaxy I'm running the show
I'm the diamond in the sky
The internal potential of a star
Life is as we are scared angel [?]
I'm bionic atomic
I'm bionic atomic
I'm bionic atomic
I'm bionic atomic
Now I'm taking over

I'm bionic atomic
I'm bionic atomic
I'm bionic atomic
And I'm taking over
I'm bionic atomic
I'm bionic atomic
I'm bionic atomic
And I'm taking over

And I'm taking over
