I've had enough of all these stops and starts  
It always brings us back to these two hearts  
Let's not put it to an end  
Baby let's not lose it all again

Here we are at the start  
Of another great adventure to the heart  
Will it be everlasting  
Now I know this is real  
I've just got to let you know the way I feel  
You and me everlasting

I should have seen the pain I put you through  
Forgive me for the things I did to you  
I'm sorry if I let you down  
I'll make it up to you this time around

Here we are at the start  
Of another great adventure to the heart  
Will it be everlasting  
Now I know this is real  
I've just got to let you the way I feel  
You and me everlasting

So if you want me, I will be here beside you  
Just let it run free, I know that our love will take us  
through

Repeat chorus to fade
