Might see us some cute surfer boys somewhere out there,
That'd be nice

Crazy man's preachin' in the streets in the morning,
Said white man's corrupted the world and Jesus ain't comin'

Singles were laughin' and I finish my coffee,
In a little cafe on the corner of Rose and Dudley,
The sand falls from my hand as I pick up my guitar
I lay out a blanket,
Kiss the sun and then sing words from my heart,
You make your way to the place where I am
And I'm like "Hey,
Won't you come listen to me play?"

I wanna see the sunrise on the roof of the ca, ca,
Cadillac hotel,
Spend the whole night under the stars
Singing to you until,
I melt in your lips,
Taste your sweet kiss of candy caramel
I wanna see the sunrise on the roof of the Cadillac
hotel, with u

Nah nah nah nah nah nah
Nah nah nah nah nah nah nah

The evening sun falls into the ocean over Malibu skies,
And I can't tell to drown in the blue of your emerald
eyes,
Small lips say "Hey baby, won't you come up to my
room?"
But I'm like "Just come with me, I know a place with a
better view"

I wanna see the sunrise on the roof of the ca, ca,
Cadillac hotel,
Spend the whole night under the stars
Singing to you until,
I melt in your lips,

Taste your sweet kiss of candy caramel
I wanna see the sunrise on the roof of the cadillac
hotel...

Moon lights your face in the dark of the night,
I pull you in with my sweet lullaby,
Steady your sleeping,
I'm melting inside
La la la la la la la...

I wanna see the sunrise, with you
Taste your lips,
Taste your kiss,

I wanna see the sunrise on the roof of the ca, ca,
cadillac hotel,
Spend the whole night under the stars
Singing to you until,
I melt in your lips,
Taste your sweet kiss of candy caramel
I wanna see the sunrise on the roof of the cadillac
hotel, with u

Nah nah nah nah nah nah...
Ooohhh...

I, I, I, I...
